Cost to mow additional area of field

The lawn service will charge \$400.00 per month to continue mowing the current area and to mow the additional area of the field that will not be planted with wildflowers. The Board discussed possible options.

- a. Pay the \$400.00 per month.
- b. Negotiate with the lawn service for a lower price.
- c. Do nothing and just have the city mow the area 4 times per year as they indicated.
- d. Consider contracting with a second lawn service to cut just the additional area on as needed basis..
- e. The club could rent a bush hog for \$49.00 for four hours or \$70.00 a day and cut it ourselves.
- f. Consider purchasing a trail cutter and cutting the area ourselves.
- g. Consider a dues increase to cover the additional lawn care costs.
- h. Check with the city to see if we can negotiate when they cut the area and could we pay them to cut it more often.

Steve Wofsey and Mary Tittle will talk with the city to determine options.

Further discussion will be needed on the issue.
