

Largo Flying Club Board of Directors Meeting  
Minutes of March 1, 2016

Present were Dave Gearheart, Ted Wojciechowski, Tim Wojciechowski Steve Wofsey, Ray Crumrine, Steve Philbin, Robie Riggle, Russ Cromwell, and Mary Tittle

1. Mowing extended area of field

We received communication from the city that the mowing of the field is done by the Public Works department. Public works is contracting this out. If we want the extended area mowed, we will need to pay to have it done. Someone from public works will come to the field to give us an estimate of the cost. Our lawn service will charge \$400.00 per month to continue mowing the current area and to mow the extended area. We paid to have them mow it for the month of February only. The Board discussed issues surrounding maintaining the field. The Board recommends letting the extended area grow and see how often it is cut by the city. We will continue with the normal mowing. and get an estimate from public works on the cost of mowing the extended area.

2. Money for covering the pit area and taxi ways

As per the vote at the last general meeting, Dave Gearheart will order the higher grade material.

3. Naming the field

Steve Philbin asked about naming the field. Some suggestions were to name the field after deceased members or possibly a founding member. The Board will continue discussing ideas.

4. FAA registration

Members from Canada are having some difficulty registering with the FAA. It seems an individual needs to have a U.S. address and credit card to be able to register. FAA plans to address issues about registering. Our members must have their FAA number on their planes.
