

Largo Flying Club Board of Directors Meeting  
Minutes of March 7, 2017

Present were Tom Wojciechowski, Ted Wojciechowski, Tim Wojciechowski, Steve Wofsey, Ray Crumrine, Steve Philbin, Robie Riggle, Dave Gearheart. and Mary Tittle

1. Late payment

A member sent a check for \$80.00 for his dues at the end of February. He felt that he was not required to pay the \$50.00 initiation fee. Per policy (#7), the BOD determined that he must also pay the \$50.00 initiation fee as he was late with his dues.

2. Insurance

One member asked about insurance for the equipment and property in the shed. The cost for this insurance would be approximately \$1000.00 per year. The BOD did not feel it was cost effective to have insurance.

3. Roster on the website

One member asked about putting the roster on the website. The roster is now current. The BOD recommends that the names and phone numbers of the members be available on the website.

4. Batteries

We received a full refund for the battery that was broken. The BOD discussed getting two batteries (one battery has been previously approved) and connect them together. The cost of another battery is \$350.00. Motion to purchase an additional battery by Steve Philbin, seconded by Steve Wofsey. Motion carried.

5. Shelter at the slow fly area

Some members have asked about having some sun protection at the slow fly area. Discussed the possibility of umbrellas or another shelter. Will need discussion with the membership.

6. Visitors to the field

Joan Byrne and Greg Brown will be bringing visitors from other Parks and Rec Departments to our field on March 30 from 6-8 pm.
